

# Summer Horseback Riding Camp 2024

Welcome to Summer camp 2024. In these camps the students will learn all aspects of horsemanship, as well as caring for the horses, feeding, and riding. I try to give an all-around experience so the kids can learn about responsibility for the animals, and how to read their body language. I take all ages and abilities, and then I divide the students into groups according to ability. The older ones help the younger ones to create a sense of community and belonging.

Students need boots with a heel, a bike helmet or we have helmets available, and long pants preferably that are stretchy. Please send a snack. I will provide water and some refreshments.
