

VETERINARY SERVICES LTD.

June 11th, 2003

I have found P. Ann Turner to be a reasonable, conscientious and capable professional to work with that does recognize the limits of a physiotherapist. The level of care at her facility and her diligence at therapy is without question. One characteristic of her personality that equine veterinarians will appreciate is that she does listen as much as she talks. P. Ann Turner is a team player and will share the responsibilities on a case; leaving the decisions to those with expertise.

Raymond M. Wise, DVM
